A rainy day alongshore.  
One o'clock is *matrix* again.  
The S N Castle will probably sail Monday or Tuesday next.  
The German bark H Hackfeld from New York arrived in port this afternoon.

The steamer Lehua with Molokai products and lauan live stock arrived in port this morning.

The steamer Hawaii took a big load of general freight to Honolulu and way ports as noon today.

The steamer Iwani came in from Hawaii this morning with 2610 bags No 1 sugar which is being discharged on the Marie Hackfeld, 1430 bags of paddy and 85 bags of rice.

A lively party with a goodly vocabulary of粗俗 words, having been brought up under the tutelage of the carpenters of the vessel, makes things interesting at Oceanic wharf from the poop deck of the barkentine S N Castle.

The American bark S C Allen, Thompson master, 14 days from San Francisco with a crew of general merchandise, docked at Brewster's at 5 o'clock this morning. The Allen brought four days later news which is reproduced in this issue. Cap'n Thompson brought some passengers, including Miss Anna and Mrs Willie White, wife of cashier White of the Fort street wharf. The captain's wife and two children were also on board.

The following notice is hung up in the Inter-Island office: "Officers in the employ of the Inter-Island Steam Navigation Company are requested to give their personal attention to their duties in the interests of the Company during business and working hours, and none can delegate others to perform such duties for them without the permission of the President or wharf Superintendent. This means what it says evidently and the Fort street boys are looking "a needle out."
